Lightning storm believed to be cause of 2 area fires

A violent thunder and lightning storm which cut across Haliburton County last Wednesday evening toppled many huge trees in its path and lightning is believed to have started at least two fire in this area.

Firemen were busy in many parts of the County and here in Stanhope the first call was received about 9:30 pm when it was reported that a cottage was on fire on Koshlong Lake.

On arrival, firemen were able to control the blaze and kept it from spreading or breaking out. However, the three bedroom cottage which was owned by Sean Moore of Toronto was entirely gutted inside.

After nearly three hours at this fire the Stanhope Firemen returned to base and to home.

However, several of them had just gotten to bed when a second alarm sounded and out they went to another cottage on the west side of Boshkung.

Unfortunately the cottage of Dennis G. Burke of Hamilton was completely lost when firemen arrived, but they succeeded in controlling and extinguishing the blaze in short order.

Cottagers on the opposite side of the lake turned in the alarm shortly after 1 am but flames could be seen coming through the roof at that time.

Mr. Burke's cottage is located on the Dave Harrison property on Boshkung Lake. Unfortunately Mr. Burke is presently in Europe and is unaware of his loss.

Car is completely tore apart after rolling several times

MINDEN — OPP Constable Dennies Potter had one of his busiest weekends as he investigated some five collisions three of them serious. The worst of the three occurred at 8 pm on Sunday evening near the Wren Lake bridge.

A 1969 Ford Mustang went out of control on Hwy. 35 rolling over several times through trees and bush. Richard A. Green 20, of Campbellford and another passenger unknown at press time, were both thrown from the vehicle and are presently in Ross Memorial hospital, Lindsay. Damage \$4000.

At 3:30 pm on Saturday, David Thompson 17 of Haliburton suffered major injuries and is in Peterborough's St. Joseph's hospital after his car went off the road near Tory Hill rolling over trees and bush coming to rest inside the MTC yard. Damage was estimated at \$3000.

Around 1 pm on Saturday on Hwy 121 east of Minden, Donald E. Gibbons and his family suffered minor injuries when their eastbound car went out of control while avoiding an accident with another vehicle leaving a driveway and were treated at Minden hospital. Damage \$4500.

Man assaults police officer then escapes custody

MINDEN — Donald J. Chessar 28, of Lindsay, was brought to the Minden OPP Detachment for a breathalyzer test and when he tried to leave a struggle occurred in the office between Chessar and Constable Al Barnes and then continued outside in the parking area where he finally got away.

Chessar was arrested later that day however, when he returned to pick up his car which had been towed to the detachment.

ROTARY THEME — PIONEER DAYS

Rotary theme, pioneer days

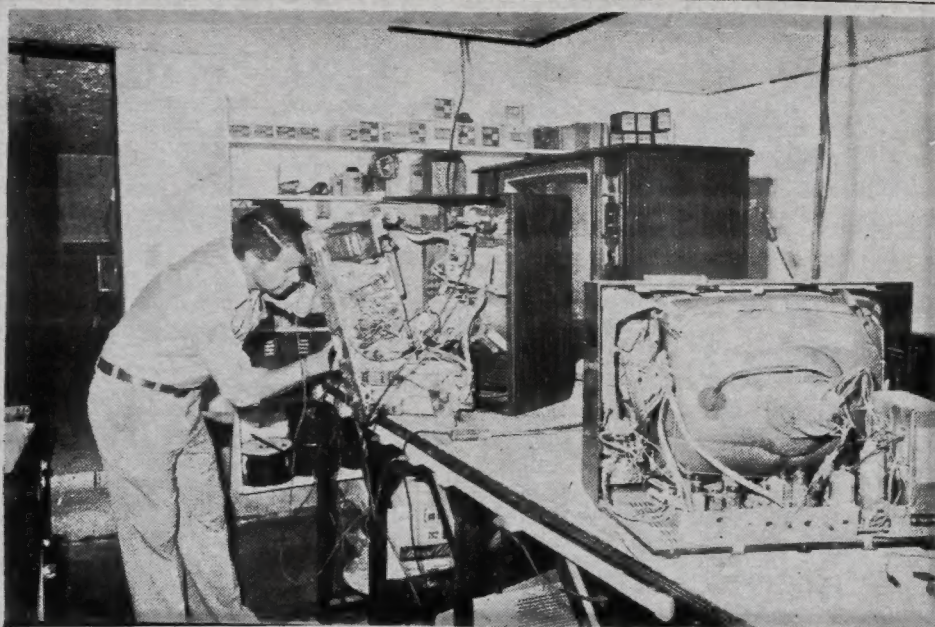

This year's Minden Rotary carnival theme was 'Pioneer Days' and many of the entrants in the parade wore period costumes. One such person was Heather Harrington above, with her wash tub and antique wringer-washer. Heather was part of the winning 'theme' float entered by Marie Cox of Cox's Apparel of Minden.

Man charged with 3 break- ins near Long Lake

David Wilson Sheard 22, of Willowdale has been charged with break, enter and theft in the Long Lake area by Minden OPP.

On July 11 the cottage of Laird Hemphill of Scarborough, was broken into and \$40 worth of food

a first aid kit and flashlight were stolen. On July 17 another cottage owned by Christopher Magill of Stoney Creek was entered and a gas can, some hose, and a small quantity of cash was stolen. Valued at \$30. Then on July 28 the cottage of Robert Struthers of Hamilton was entered and \$25 worth of goods stolen. Another gas can and some cigars were taken. PC Al Bibby investigating.

HIGHLAND TV OPENS SHOWROOM NORTH OF MINDEN

MINDEN — Highlands TV Sales and Service has now opened a beautiful new showroom and repair shop five miles north of Minden on Hwy. 35 across from Wentworth's Marina. Larry Cummins, owner of Highlands TV has been in the radio and television sales and service business for the last 14 years, seven of which have been here. Larry began his career in 1964, when he enrolled in a night school course at Radio Electronics Television School in Toronto. He then spent five years at George Brown College. While he was taking the courses at George Brown, he worked at

Speedy Picture Tube in Scarborough. Larry and his wife Linda moved to Minden in 1971 where he opened Highland TV on the Main Street. In 1974 he moved his business to its present location, working out of the basement of his home. Now he has built a 20'x17' repair shop and a beautiful showroom which contain the most recent models of 1978 RCA televisions. Why not drop around, say hello and look the new premises over.

Millstreammen delight Carnival crowd

MINDEN — On Thursday evening in the Community Centre, a 24 man barbershop singing group from Uxbridge were a real crowd pleaser as the feature entertainers of this year's carnival. The Millstreammen as they are called are made up of doctors, lawyers, farmers, plumbers and many others from the Uxbridge-Udora area and sung many old-time favorites. Also on hand to entertain the crowd were the Uxitones also from Uxbridge. The group was brought to the carnival by Rotarian Don Burch who lived in Udora for many years prior to retiring in Minden.

Cedarbeaters win bed race

MINDEN — For the last four years one of the Rotary Carnival features is the very exciting bedrace. Above this year's winners are the Minden Kinsmen Cedarbeaters, led to victory by Scott Arbuthnot, Fraser Newton, Jim Hicks, Keith Harrison, Paul White and Bill Coburn. The Kinsmen team defeated the Haliburton Kinsmen who were unfortunate enough to break a wheel on the first turn.

Local hockey star finishes 5th in Heineken Yard race

MINDEN — On Thursday afternoon the 7th annual Heineken Yard Footrace, sponsored by Minden's Rockcliffe Hotel, was held from the gates of Onondaga Camp to the Minden bridge for a distance of five miles. Again this year, Wayen Rosen of Toronto was the winner. The highlight of this years race though, has to be the incredible performance of Terry Crowe who entered the race with no practice and finished fifth in 27:24. He was the first under 18 year-old to cross the finish line and was presented with a Rockcliffe T-shirt by D. Willis

2 year old falls off dock, drowns in Gull River

MINDEN — Early last Tuesday evening a two-year old child from Oshawa was found in 20 feet of water by OPP divers in the Gull River between Green and Grass Lakes.

Shawn Robert Traviss, son of Daniel and Sandra Welsh of Lloyd Street Oshawa, was playing with some other children when he wandered off by himself at his uncle's cottage, Keith H. Rowdan of RR 1, Haliburton. The boy was discovered missing at about 7 pm and OPP were called.

Constables Mike Maher and Bob Wood of the Minden Detachment searched the grounds and when no sign of the boy was found, OPP divers Barry Connelly and Mike Pearson were summoned from Minden. Shawn was found around 9:40 pm.

Coroner on the case was Dr. H. E. Good of Haliburton. No inquest or post mortem will be held.

Haliburton downs Fenelon, game called in 4th

MINDEN — The Merchants took to the field against red hot Haliburton Legionnaires last Wednesday evening during the Rotary carnival festivities, but the sky opened up and down came the rain in the 4th inning with the Legionnaires leading 1-0. The game will be replayed this Wednesday at 8 pm. in Minden.

Haliburton got on the scoreboard early when Dwight Sisson smashed a triple over the head of centre fielder Larry Kent and then scored on a hard single to left by Bob Johnson.

Minden had a chance to tie the game in the 3rd when Rick Hartwick cracked Craig Stamp's third pitch to the right field fence for a triple. However he was left there when Larry Kent grounded to second base.

On Tuesday evening in Haliburton, the Legionnaires made it 12 wins in a row since Craig Stamp returned to the mound, with a 4-2 victory over the always tough, Lindsay Juniors. Haliburton now has played 19 games, won 14 and lost 5 for a share of first place with Bobcaygeon Blue Jays who have an identical record.

Haliburton has games against Minden and the Lindsay Merchants remaining. The Blue Jays have two easy games with Beaverton and Woodville left. Minden has four games remaining against the Lindsay Merchants, Juniors, Fenelon Falls and Haliburton. Their record to date is 10 wins, six losses for 20 points, good for 4th place in league standings.

Golden Age Bowlers News

Members in the Golden Age Bowlers Club for next season will again be \$1.50 per bowler with 50c of each contribution going to the respective province to cover provincial expenses. The awards program, with the exception of design changes in crests will be basically the same as in the past.

Tournaments for the Golden Age Club will be the same and one in-house tournament has been added. This tournament will be known as the "I Beat My Chief" tournament. It will cost each bowler 25c to enter and is rolled during your normal league play between Nov. 4th and 10th with the Golden Age co-ordinator setting the date. Bowlers will bowl their regular number of league games and will attempt to beat the one game score bowled by the "Chief" who could be the co-ordinator, the proprietor or any other well known bowler. Those who beat the chief will be awarded a crest.

As Carnarvon Lanes is setting up a Golden Age Club for this year, it should add much enjoyment for our Golden Agers. If there are any bowlers who wish to bowl this year in the new league please contact Morris MacLachlan at 766-2904.

Let's go Boating

Boating and Your Wages

It's a fact of life that costs are going up and salaries and wages are not necessarily keeping up with the cost of living—but people still want to get away and the vast majority of those with free time want to go boating. Some

interesting statistics have been developed showing that the cost of boating is a better buy than ever—and will probably continue to produce more benefits for the dollar spent, according to the Allied Boating Association of Canada.

Weekly average wages in 1966 and 1978 are compared at \$80.79 then to \$248.05 now. The following information deals with day to day subjects, and the time it took to purchase the products in 1966 compared to how much work was required in 1977.

The boating business has determined the following:

The purchase of a 6 horsepower in 1977 took 15% fewer hours than it did in 1966.

More good news with a 20 horsepower motor purchase in 1977 was that you worked 32% fewer hours than in 1966 to make this purchase. To store a 25-foot cruiser in 1977 you worked 50% fewer hours than in 1966.

The purchase of a dream 25-foot cruiser in 1977 meant you worked 35% fewer hours than in 1966 and finally, to buy a 16-foot outboard boat in 1977 took 33% fewer hours than in 1966. As sailing is becoming more popular a 24-foot sailboat takes 30% fewer hours to purchase than in 1966.

Industry leaders in the boating business point to increased efficiency, research and development as well as manufacturing skills with motors as well as fuels. While costs have increased at the manufacturing level for fiberglass boats, the efficiency has improved and of course the volume increased. This has made it possible for all those involved in the production and distribution of boats and boating products to increase their efficiency and improve operations.

The Allied Boating Association states that, "The average wage earner will find it is still more reasonable to go boating in 1978 than it was in 1966, and that his dollar value makes boating a good deal."

YBC MAJORS NEWS

Hopefully for this coming bowling season at Carnarvon, a YBC Majors program can be instituted for bowlers between the ages of 18 and 27 years.

This program has been running Nationally for five years and is one of the fastest growing programs in 5 pin bowling today. The beauty of this is that if there is no available time slot at the bowling centre members can still join and bowl in their normal leagues.

Membership in the YBC Majors for next season will be \$3 with \$1 of each registration being issued to the Provincial association to expenses.

Hershey Chocolate of Canada will sponsor the 1979 All Star Championships to the tune of \$5,000. The format for this tournament is basically the same as last season. The only change is that bowlers must be registered by Dec. 31st in order to be eligible to participate in the tournament.

Thinking Slim

BY JEAN NIDETCH

I don't want to let the summer get past me without sharing a terrific barbecue idea with you. After all, who isn't barbecuing these days? Even people who live in apartment houses scurry out to their terraces or up to the roof with their hibachi's.

Well, the next time the breeze is right and you're lolling away the afternoon in your backyard or up on the roof, why not try our version of lamb kabobs?

You'll need 1½ pounds of boned leg of lamb cut into one-inch cubes, two medium green peppers, seeded and cut into one-inch pieces, and about 20 cherry tomatoes. (This is a luncheon portion. If this should be for dinner, start with 2 pounds of lamb.)

Of course, you'll also need the barbecue sauce which consists of the following:

2 tablespoons catsup
2 tablespoons chili sauce
2 tablespoons prepared mustard
1 tablespoon cider vinegar
1 teaspoon dehydrated onion flakes,
reconstituted in 1 teaspoon water
½ teaspoon Worcestershire sauce
one-eighth teaspoon barbecue spice
¼ cup water

To prepare the sauce, put all the ingredients except the water into a small saucepan and stir. Then add the water, bring to a boil, reduce the heat and simmer for five minutes. You'll have four servings of sauce which is just what you need for your four lamb kabobs.

To make the kabobs, first divide the lamb and vegetables into four equal portions — you know, so many pieces of lamb, green pepper and tomato for Jack, so many for Jane, etc.

Then take four long skewers and alternate the portions of lamb, tomato and pepper on each. Place the kabobs on a rack over hot coals and grill them for about 15 minutes, basting frequently with equal amounts of the barbecue sauce. Turn them occasionally.

When they're done all that's left is to place each skewer on an individual plate with, say, an accompanying tossed green salad, and let Jack, Jane, you and yours dive in. This recipe makes four servings.

The perfect barbecue for a perfect summer day.

If the guy across the desk from us works any less, he'll be earning a leaving.

A shell of a cottage is all that remains after a fire last Wednesday evening at the summer cottage of Mr. Sean Moore of Koshlong Lake. The entire inside of the building was destroyed and to make matters worse, Mr. Moore had just finished panelling the interior.

Americans shun Highlands says CofC manager Stinson

Of the four district Chamber of Commerce offices who were asked, "are many American tourists coming into their area?" two answered yes and two answered no. Recently the Lindsay Post did a survey of the four surrounding Chambers, being Lindsay, Haliburton, Bobcaygeon and Fenelon Falls.

Positive reactions were received from Lindsay and Bobcaygeon. Betty McDonald of Bobcaygeon freely admitted that the Walleye fishing tournament which was held in Bobcaygeon in June, seems to have given the Bobcaygeon area a big lift in the eyes of the Americans. "A number of these anglers have booked reservations for later in the fall," she said.

As for Lindsay, Marje Gilligan said there are more American names entered in the guest book and that a number of Lindsay businessmen are reporting an increase in American tourists. Apparently she also had fishing in mind when in a brochure, she underlined "Americans seem quite happy with the fishing."

As for Haliburton, "I have seen lots of American cars on Highway 401, but they sure are not showing up in our area," commented Bob Stinson of the Haliburton Chamber of Commerce. According to Mr. Stinson, the area is receiving good business from the travelling Canadian public. Mr. Stinson mentioned fishing too, when he said, "the Americans prefer muskie and pickerel and because of our deeper waters we don't have those types of fish up here."

As far as Fenelon Falls is concerned, C of C secretary Mary Ball commented, "not too many Americans are seen around town." She reported that there are a lot of people coming from the Toronto area as well as some from other provinces and "we even had the secretary of the Kingston, Jamaica Chamber office pay us a visit."

Holly-Hock is 10'8" high

MINDEN — On Wednesday afternoon Express photographer Cliff Burke dropped around to Laurdie Cottages on the banks of the Gull River. Upon arriving, owner Dick Kirkwood got his step-ladder out and measured the above holly-hock at 10'8". With many buds still to open, it will probably reach much greater heights up to 12 or 13 feet.

Low-Cost Loans Available for Small Businesses

Acting on demands from the Canadian Federation of Independent Business, the federal government has improved its program of special low-interest loans for small businesses. Known as the Small Businesses Loans Act, the program provides government-guaranteed loans at prime plus one per cent (currently 10.25%), the same rate paid by the most credit worthy larger corporations. The loans are available only for capital expenses; current expenses are not included.

"The shortage of adequate term financing for small business is a serious national problem," CFIB President John Bulloch explained. "Canada's small business community is under-capitalized and this makes bank borrowing difficult. Guaranteed term loans are the answer."

Small Business Loans are available from most charter-

ed banks, credit unions, caisses populaires, trust companies, Alberta Treasury Branches, loan companies and insurance companies. However, many managers of lending institutions have been reluctant to volunteer information about the program to small business customers. The Federation urges all small business operators to ask for information where they conduct their financial affairs.

Lenders are expected to assess loan applications on the same merits as they would assess standard loan applications. "Any eligible small businessman who experiences difficulty obtaining these guaranteed loans should contact the president of that institution," Bulloch stated. "The Federation regards this program as a great CFIB victory. However, it will not prove successful if small businesses are not aware of their rights."

Samantha READS YOUR STARS

If you were born this week: You have a bit of the wanderlust in you. You enjoy travel and meeting people and have a special zest and enthusiasm for life. You have an agile mind and enjoy learning anything new. You usually prefer casual, comfortable clothes and can look elegant in even a pair of old jeans.

ARIES (3-21/4-19): It's time to reorganize and re-evaluate your work efforts. Aries. Don't overlook any details, minuscule though they may be. New moon peeks down on romance, and this is a fine time to make plans for any recreational activity. Later, a math lesson: one plus one equals two.

TAURUS (4-20/5-20): A little frustration could make you paw the ground this week. Now you know, little bull, that all that will accomplish is to wreck the grass and dig holes! Later, old love may enter your pasture — go get reacquainted!

GEMINI (5-21/6-20): You're kept busy with personal affairs in week ahead, Gem. Handle finances wisely and expect good news from someone close at hand. Kid gloves may be needed for a certain domestic matter. Don't act with haste; deliberation and tact are essential. Days close with a surprise.

MOONCHILD (6-21/7-22): Others may want too much of your time this week, Moonbaby; know when to call a halt and do it before you become burned out. Look for conversations to involve a lot of explaining — on both sides.

LEO (7-23/8-22): When the lion roars, people sit up and take notice. Now, you can intimidate or you can persuade. Sam hopes you'll take the latter course, like the true 'king' that you are, Leo! Later, self-enrichment is on the agenda. Make your plans and don't be shy about indulging yourself!

VIRGO (8-23/9-22): Secret resentment could be caused by a wounded ego. Guard against being super-sensitive, Virgo, dear. Try not to dwell on and pick at other people's words. Stop worrying about your act. You may

not have it as together as you'd like.

LIBRA (9-23/10-23): Confidence and self-assurance are important for you this week, Libby. Read and heed the message to Virgo. Midweek shot in the arm gives you the impetus to make a decision you've been circling. Budding friendship blooms.

SCORPIO (10-24/11-22): Old friend may saunter back into your life this week, Scorp, bearing an interesting proposal. Don't be carried away by it. New moon activity can create opportunity only if you keep personalities out of the way.

SAGITTARIUS (11-23/12-21): You'll do almost anything if you're asked; it's being told or ordered that gets your dander up, Sag. And, when this happens, you're apt to rush off in the opposite direction (even against common sense) to assert yourself. Don't cut off your nose to spite your face, baby!

CAPRICORN (12-22/1-19): Bide your time this week, Cappy, and make quiet arrangements to achieve your ends. Concentrate on developing relationships, cooperation and assets. Later, plan a little getaway, just you and your love!

AQUARIUS (1-20/2-19): Rely on yourself this week, Aquari. Others may make offers and even promises of support, but you'll be smart not to count on them. Days include a sexy encounter, a reconnaissance mission and a wink of the eye.

PISCES (2-20/3-20): You, sensitive Pisces, may have a strong feeling of déjà vu in week ahead. Old memories and experiences are conjured up. It'll be up to you to decide whether or not you really want history to repeat.

In election years, they should name hurricanes and other big windstorms after politicians.

OUR WEEKLY BREAD

It seems that today we are living in an age of manipulation, according to our experts and psychiatrists. This of course is achieved by the mechanisms that make us susceptible to manipulation such as greed, fear sentiment, bad temper or irritability.

God desires that we should labour for our daily bread, and not become so entangled that we use these mechanisms to gain all just to enjoy more than the rightful pleasures of daily life.

We must strive each day to try and save ourselves from the blind love of pleasures and from the enslaving worry about earthly security. —PM
